

# Apprentissage Profond et IA

Yoshua Bengio

MILA

IVADO  
INSTITUTE FOR DATA VALORIZATION

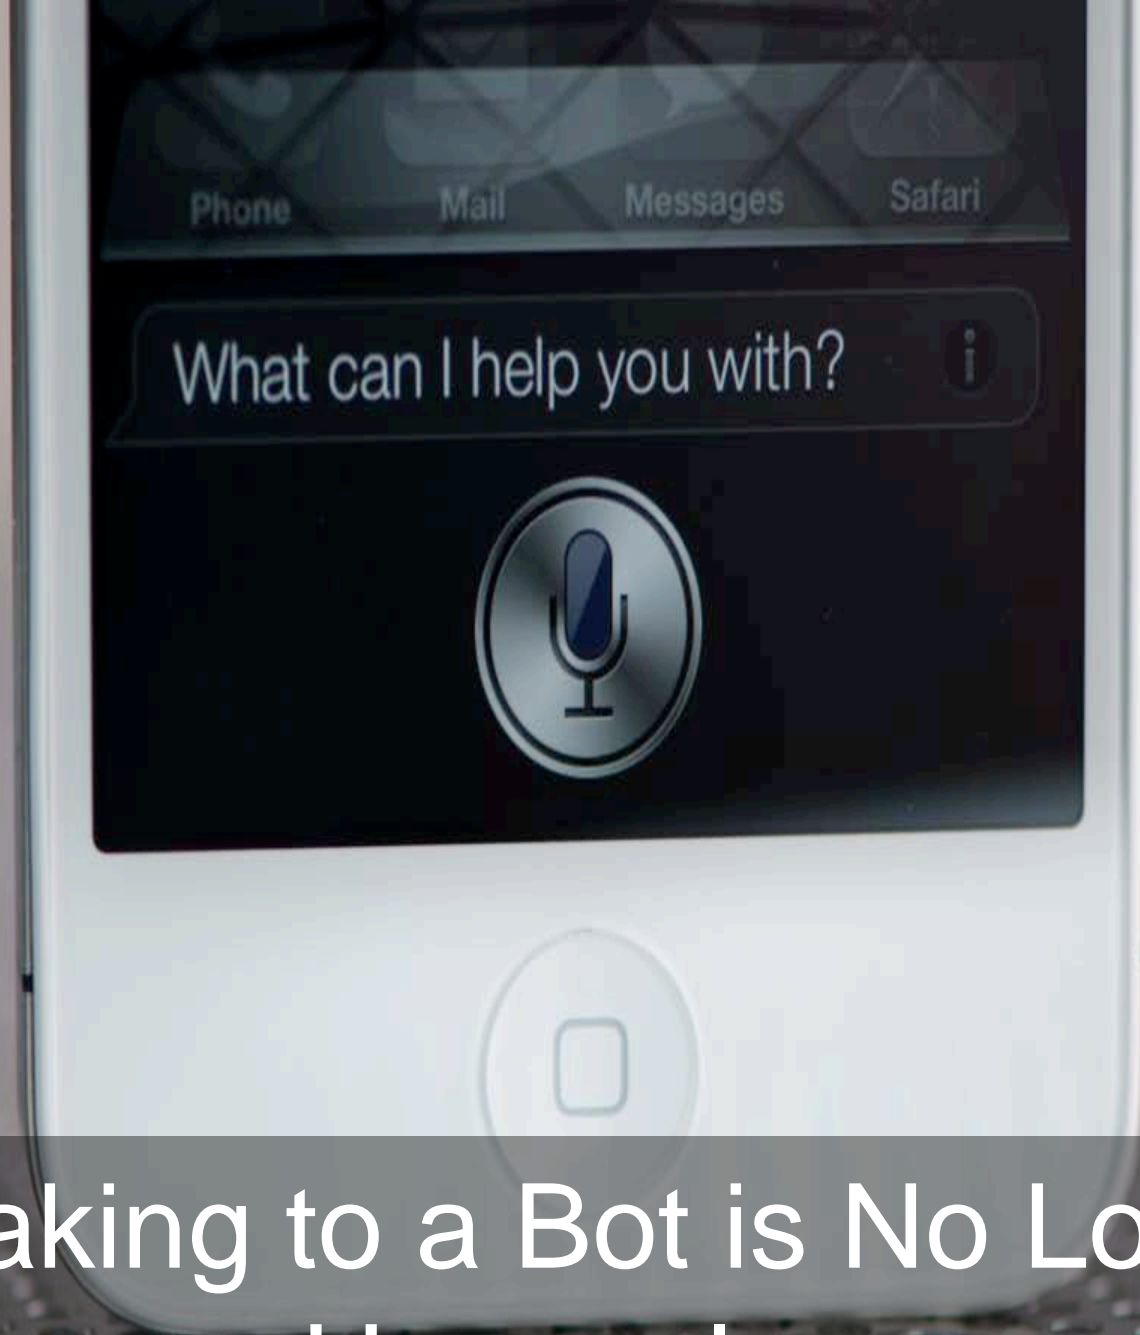

Université   
de Montréal

# Cars are now driving themselves...

(far from perfectly, yet)

Speaking to a Bot is No Longer  
Unusual...

# March 2016: World Go Champion Beaten by Machine

# AI: The Upcoming Industrial Revolution

## First industrial revolution:

- Machines extending humans' **mechanical power**

## Upcoming industrial revolution:

- Machines extending humans' **cognitive power**
  - From the digital economy to the AI economy
  - Predicted growth at least 25%/yr
  - All sectors of the economy

Devices are becoming intelligent.

And Deep Learning is at the epicenter of this revolution.

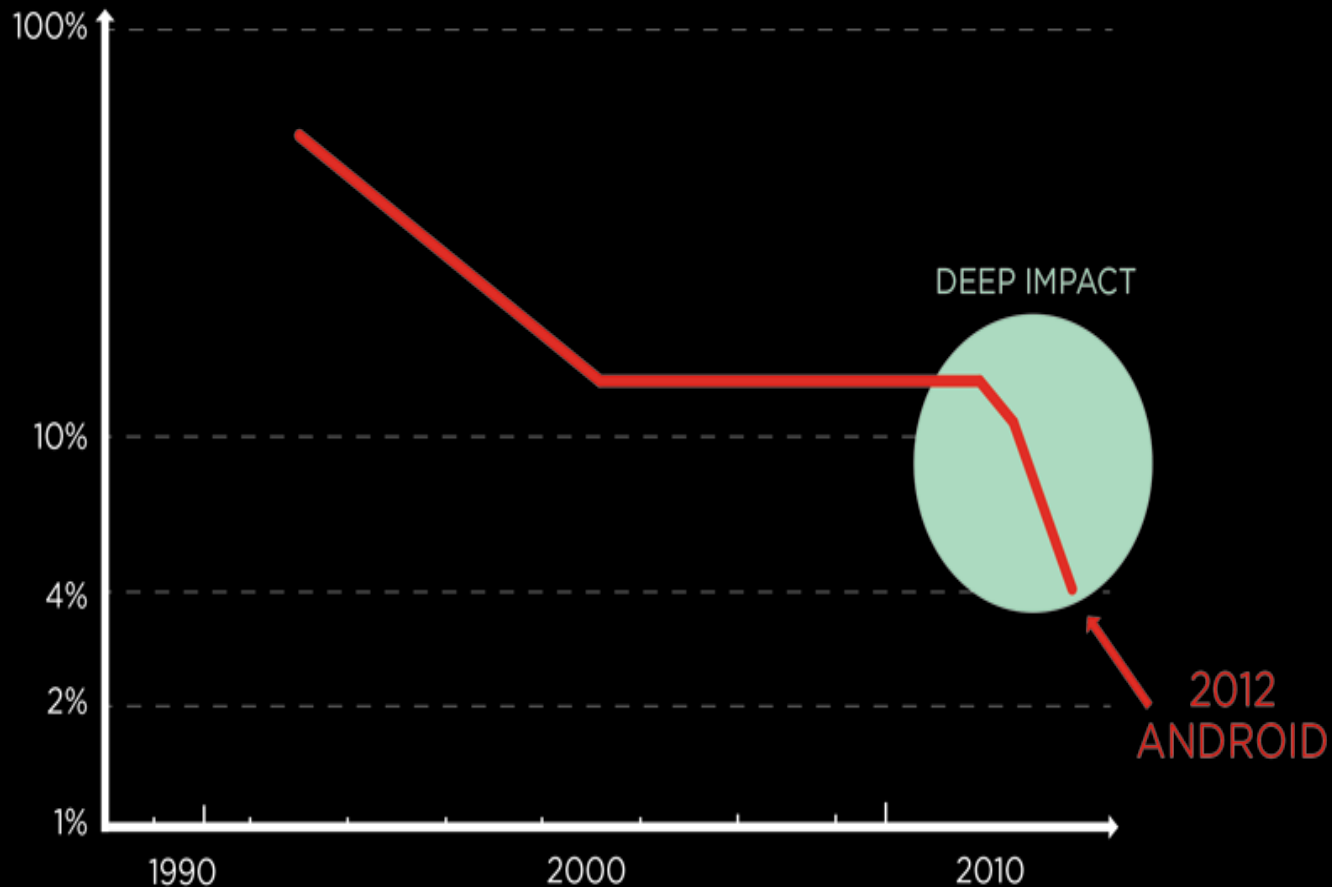

# Breakthroughs in deep learning

A Canadian-led trio at CIFAR initiated the deep learning AI revolution

- Fundamental breakthrough in 2006: first successful recipe for training a deep supervised neural network
- Breakthroughs in applications since then

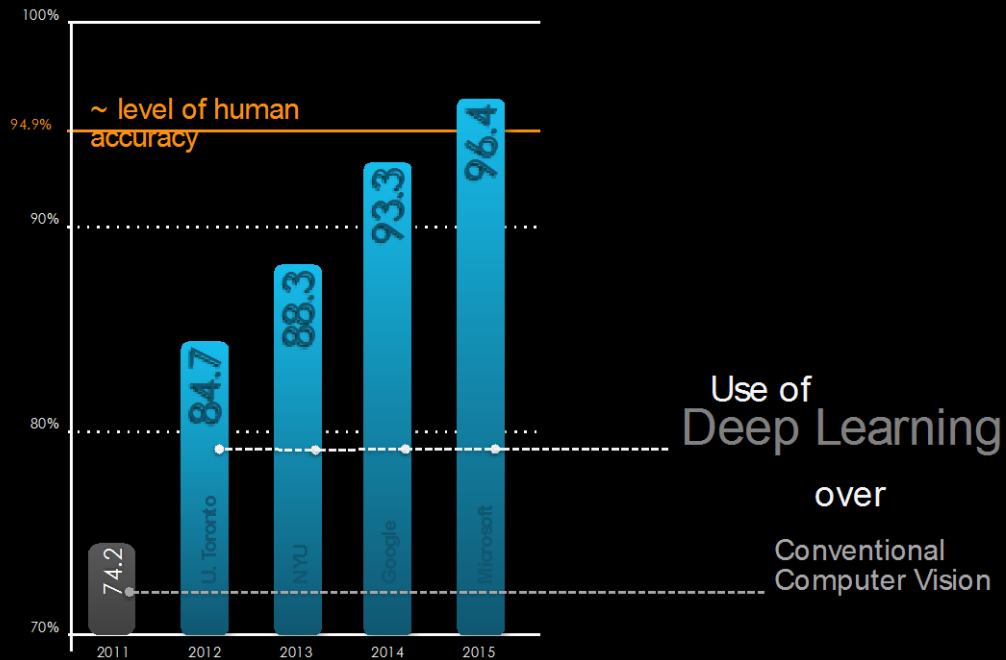

# 2010-2012: breakthrough in speech recognition

# 2012-2015: breakthrough in computer vision

- Graphics Processing Units (GPUs) + 10x more data
- 1,000 object categories,
- Facebook: millions of faces
- **2015: human-level performance**

# Tens of Billions Invested in DL

## IBM Watson Health

NUANCE

# RE•WORK

FIFTH GLOBAL

## DEEP LEARNING IN HEALTHCARE SUMMIT

07 - 08 APRIL 2016

# Ongoing progress: combining vision and natural language understanding

A woman is throwing a frisbee in a park.

A dog is standing on a hardwood floor

A stop sign is on a road with a mountain in the background

With a lot more  
data...  
visual question  
answering

# Applications en Santé au MILA

- Imagerie médicale, radiologie
  - Imagia (Startup @ Montréal)
  - Collaboration MILA – CHUM, A. Tang
- Cancer
  - Découverte de médicaments, vaccins personnalisés
  - Collaboration MILA – IRIC, G. Sauvegeau, C. Perrault
- Cardiologie
  - Collaboration MILA – ICM, J.C. Tardif, M.C. Dubé

- 100 researchers
  - 7 faculty
  - 7 staff
- Pioneered Deep Learning
- #1 in deep learning publications according to Semantic Scholar
- In DL, ahead of Stanford, Berkeley, NYU, Cambridge, Oxford, CMU
- YB Scientific Director of IVADO, 94 M\$ CFREF grant

# Questions?
