

About Alan Milstein, CPA, CA, CMC

Alan Milstein has over 25 years of experience consulting to Canada's textile, apparel and retail industries. He has worked with hundreds of apparel companies in virtually every province. Beyond his work with private companies, he has also consulted to major trade associations, the governments of Quebec and Canada, as well as foreign governments.

Primary areas of consultation include: business planning, strategy development & implementation, export planning, management coaching, organizational/operation improvement, human resources planning & management, financial management, succession, customer opinion studies, market and industrial studies.

Alan holds an undergraduate degree (B.Comm.) in Management from McGill University, is a Chartered Accountant, a Certified Management Consultant, an Emploi-Québec accredited trainer and an authorized consultant for several programs funded by National Research Council's Industrial Research Assistance Program (CMC-Management Advisory Services Program and CMC-Digital Technology Assistance Program).
